RE: Discussion of Naming PVMS

TYPE: Action/**Discussion**/Information

As we build a new middle school, I would like to get input from the School Board on potentially renaming the middle school. When the new building opens in 2026-27, this creates an opportunity to rename the school.

With consideration to relocating the Mukwonago veterans memorial to the southeast corner of Hwy 83 and Veterans Way, I am asking the School Board to consider renaming the middle school as Veterans Memorial Middle School. Along with the school being located on East Veterans Way, this name is worthy of consideration.

There are likely other names to consider, along with considering input from the community, as well as keeping the name of the school as Park View Middle School. I am looking for direction from the School Board on this topic.
